### Пример описания

This picture is on the topic science and computer technologies.

This photo was probably taken inside.

In this picture the action is taking place in the office.

In the background of this picture there are white walls, there are not some pieces of furniture, but in the foreground you can see a computer and a robot, which can help the beautiful woman to understand some things. Looking at the robot and women I get the impression that they are discussing computer technologies and its possibilities.

I think that this woman is 30-32 years old. Her hair is blond. She has wonderful eyes and a beautiful face. This robot is very clever and smart. And they can communicate with each other. The general impression is that they are friends. I think that they got acquainted some years ago because they know each other well. I can say nothing about the weather because it's difficult to understand.

I suppose that they are happy and it's interesting for them to discuss some problems which are connected with computers. May be they speak about their work and discuss a great advertising project. The atmosphere in the picture is friendly and peaceful.

As for me, I like this picture as it's full of positive emotions. And maybe I'd like to have this robot as a friend of mine.
